

GEORGE F. COTTERILL.

Mayor of Seattle, Wash.
Whose Recall Was Demanded.

WOMAN BLAMED.

Negro Fatally Wounded In One of His Lungs.

A. L. Lewis, a negro, received a fatal bullet wound in his right lung at Dallas and Henry D. Stokes was put under arrest. Stokes claims he acted in self-defense and his statement was corroborated by several parties who were present.

Lewis was rushed to the emergency hospital, where an examination of the lung showed that it was badly torn. Witnesses state that Lewis chased Stokes across Elm street after saying he would beat him up. Stokes ran into a saloon where he is employed as a bartender and securing a revolver fired three times at Lewis, the last one taking effect. Stokes then gave him self up.

While he was on the operating table Lewis told the surgeons that the matter was brought about by a quarrel between Stokes and a woman, the same having taken place a few hours before the shooting.

DISPOSES OF GRAVE.

Mobile Woman Sells It to Get Christmas Money

In order to secure a few dollars for Christmas an aged Mobile woman sold the grave of her husband in Magnolia cemetery, that city, for \$5. Portion for the sale of the grave came before the city commissioners and request granted promptly. Portioner stated the remains had been removed some time since and that she was in poor financial condition and in urgent need of the money she had paid the city for the grave.

His Friend Overcome.

Six firemen were overcome by the smoke and damage, amounting \$100,000 was done when an eight-story building occupied as a city warehouse by the Westinghouse Electric and Manufacturing company at Pittsburg, Pa., was destroyed by fire. Crossed wires are given as the cause.

Fatal Fracas.

Oliver J. Daniels, former Republican county chairman of Bowie county, Tex., and recently appointed postmaster at New Boston, was shot and killed as a result, it is said, of trouble between Dan McGuffy and Jim Daniels, the latter a brother of the former postmaster. It is declared the dead man interfered. McGuffy gave himself up, claiming self defense.

Liquor Spilled.

Acting under orders issued by District Judge Pearson at Sherman Sheriff Simmons of Grayson county destroyed 3,000 bottles, one barrel and two jugs of whiskey, taken at various times under search and seizure warrants, and since held in the jail. A large number of persons witnessed the destruction of the liquor.

Result of Paralysis.

Harry B. Johnson, for the past ten years deputy city assessor and collector of taxes in Houston and formerly a well known railroad man, died at Houston as the result of a stroke of apoplexy.

Noted Painter Gone.

The French battle painter, Jean Baptiste Edouard Detaille, died at Paris, France, aged sixty-four years. He was the best known of modern French artists. Detaille had long suffered from a heart affection. His aged parents were with him when death came.

Sixty Years Wedded.

Mr. and Mrs. Henry Clay Hain at Houston have celebrated their sixtieth wedding anniversary, celebration of which a duplication of the first one, at Fortville, Pa., Dec. 23, 1852. Upon both occasions there were many persons in attendance.

UNWRITTEN LAW INVOKED AT DALLAS

Believing Matters at Home Not as They Should Be

HUSBAND LAYS A TRAP

Starts For Work Steps at a Window, Sees a Man Enter Room With His Spouse, Slays Visitor and Tries to Kill Wife Also.

Ostensibly leaving home to go to place of employment, the Dallas cotton mill, where he has been a fireman for six years, Neal Anderson peeped through the window of the bedroom of himself and wife. Less than one minute later the report of a revolver rang out upon the cold morning air and Drew Austin, a boarder, with one eye shot out, fell dead. Anderson then turned the weapon on his wife, but the cartridge failed to explode, and she fled to a neighbor's.

After hearing rumors of alleged infidelity of his wife, Anderson drove tracks into the curtain roll, shortening the length so it could not be pulled down the entire length of the window, and awaited developments.

All parties are negroes. Austin had boarded with the Andersons three or more years and also worked at the cotton mill, Anderson securing him the position.

Anderson fired two other shots at Austin, one inflicting a wound in the neck, third going wild.

MEN HEAR DOOM.

Ryan Given the Longest Term Which is Seven Years.

In imposing sentence at Leavenworth on the thirty-eight men convicted in the United States district court Judge Anderson in dynamiting case imposed seven years, the highest penalty given, on Frank M. Ryan, president of the Ironworkers' union. The lowest sentence—one year and a day—was given six men. Eight got six years; twelve, three years; four, two years; one, four years. Judgment on six others was suspended, including Patrick Farrell of New York. The judge declared he believed Farrell the least guilty of the thirty-eight. He asked Farrell if he favored American Bridge company strike in 1907. "I did not," was the answer. Judge Anderson suspended judgment, saying "I never will sentence a man I believe not guilty, no matter what verdict is returned."

Attorneys for the defense gave notice of appeal to the United States circuit court of appeals at Chicago.

Among those getting six years each were Olaf A. Treitmo of San Francisco, convicted on charges of aiding in plotting the destruction of the Los Angeles Times building, and Eugene A. Clancy, also of San Francisco.

Sentenced men were ordered taken to government penitentiary at Leavenworth, Kan.

EDWARDS LED.

Got Most Votes on the Democratic Ticket.

Treasurer Edwards led the Texas state Democratic ticket in the recent election with 23,529 votes, while the lowest vote, 2,350, was for Comptroller Lane.

Republican state ticket led the Progressive from 8,000 to 9,000 votes and the Socialist state ticket led both the Republican and Progressive. The highest vote on the Socialist Labor ticket was for a woman, Fannie Chernis, nominee for superintendent of public instruction, she receiving 586 votes. William Thordy, for railroad commissioner, led the Socialist ticket with 25,410 votes. Harvey S. Stiles, for commissioner of agriculture, led Progressive ticket with 16,786 votes, and Frederick Hofheinz, for comptroller, led the Republican ticket with 25,657 votes.

German Premier Dies.

Alfred Von Kiderlin-Waechter, the secretary of state of the Germany, is dead at his home in Stuttgart, aged sixty years.

Changes Sexes, Again.

Charles Adams, fifteen years of age, shot and killed his sweetheart, Clara Lemay, fourteen, at the Bates mill, in Millbury, Mass. The boy lay in wait for the girl and shot her as she was returning to her work after noon hour and said he did it because she "had quit him and got another fellow for a beau."

Dairy Notes.

In feeding a milk cow a corn ration reduce the ration at first indication of fattening.

In keeping cows never be without clover. It is one of the foods essential to good dairying.

Keep dairy cattle in a room or building by themselves. It is preferable to have no cellar below and no storage off above.

RESULT OF RIVALRY.

Explosion of Bomb at Panama Thus Ascribed.

An explosion in the park opposite the Tivoli hotel at Panama, occurring while President Taft was attending a dance given in his honor at National theater, is said to have been the result of business rivalry of two merchants in the vicinity.

Explosion occurred outside district traversed by the president, which was guarded by a line of police from the station to the theater.

"While President Taft was at the dance," say the Panama officials, "an explosion occurred at De Lesseps plaza, in front of the Tivoli hotel, and it blew up the news stand at the hotel. Cause of the explosion is believed to have been jealousy and revenge between two Spanish business rivals."

Minister Valdez gave out at Panama legation at Washington official reports from his government stating that the minister of foreign affairs reported the matter to President Taft, who was convinced that the explosion had been in no way connected with his presence in the city.

SAWS OUT OF JAIL.

Man Charged With Forgery Is Soon on Outside.

Benjamin M. Brumby, who was put in jail at Montgomery, Ala., and under arrest on charges of forgery both at Birmingham and Atlanta, sawed himself to freedom. Officials cannot conceive where he secured the saw. He cut through the heavy steel bars on the second floor, and upon reaching a window jumped twenty feet below. A young man from Butler county by the name of George Jones, held on grand larceny charge, escaped at the same time as Brumby.

Four prisoners in the same cell as the escaped men declare they heard no noises.

Both men escaped from a toilet facing the jail yard by sawing one of the bars and making an eight-inch opening barely large enough to get out of. They swung to the ground by a heavy electric wire and then scaled the jail wall, probably without assistance.

Mrs. Brumby visited her husband in jail in the morning and in the afternoon left her hotel.

THEATER IN RUINS.

Fire Occurs In the Heart of the Business Section.

Fire of unknown origin broke out in the heart of the business district of Fort Worth and for a time threatened to destroy an entire block. Fire began in the balcony of the Princess theater, on Main street between Tenth and Eleventh streets. Upon first being discovered the flames were leaping from the top of the theater and within a few minutes the blaze was spreading to the roofs of adjoining buildings. Loss is estimated at \$20,000.

Entire equipment of the Franklin Clifford Stock company, playing at the Princess, was destroyed.

Fortunately, the fire occurred little after midnight, while no performance was being given, otherwise loss of life might have resulted.

At an early date the structure will be rebuilt.

NARRATED IN NOTES

He was bitten at sea fifteen days before by a pet dog. Disease was well developed when the vessel arrived at Gulfport.

A. Chiaro, thirty years old, a tailor, was found stabbed to death, probably the victim of a black head plot, on a Chicago sidewalk. He had received seven knife wounds.

Admiral George Dewey, the "hero of Manila," celebrated at Washington his seventy-fifth birthday by being the guest of honor at two receptions. By reason of his fondness for driving the veteran sea fighter is in excellent health. He attends regularly to his duties as president of general board of the navy.

Certificate of incorporation of the Kansas City Stocks Company of Kansas was filed at Augusta, Me. The authorized capitalization is \$11,500,000. Names of the promoters do not appear.

Residence of James Kidd, a carpenter, valued at \$1,800, insurance \$800, burned at Durant, Okla. With no cost to Mr. Kidd, fellow workmen and lumber dealers rebuilt the house. It taking less than two days.

Tulsa (Okla.) real estate exchange has been organized. It is expected to soon have a membership of 100.

Attorney general's department of Oklahoma, in answer to an inquiry from Oklahoma, holds no license is required in Oklahoma for a veterinarian to practice his profession, no law being on the statute books.

Over 200 persons were taken to the hospital of Atlanta Christmas day, having sustained various kinds of accidents.

Flames drove George Long and family into snow at Comanche, Okla.

Cabbage Worship.

The cabbage was adored by the Egyptians, who raised altars to it. Afterward they made this strange god the first dish in their repasts. The Greeks and Romans ascribed to it the happy quality of preserving from drunkenness and looked upon it as a sovereign remedy against paralysis.

Our Lighthouses.

The lighthouse service of the United States costs about \$5,000,000 a year. The greater part of this sum is used in caring for the lighting of the coasts.

Wire.

Wire was first beaten out by a hammer, but the artisans of Nuremberg in 1350, began to draw it, which was the great step forward in that art.

Unslaked Lime.

Unslaked lime is useful in preventing rust because of its extraordinary capacity for absorbing moisture. Some careful workmen who take pains that their tools shall always be in the best condition make a practice of keeping a piece of lime in their tool boxes to absorb any moisture which might otherwise cause rust.

Tropical Plants.

Many tropical plants possess light giving qualities. Not only are their blossoms and stems luminous, but their juices are phosphorescent.

Hudson River Bricks.

The brick made in the yards along the Hudson river in New York since 1901, if laid flat, would make a sidewalk twenty feet wide around the world.

The Onion.

Alexander found the onion in Egypt where the Hebrews had learned to like it. He had it cultivated in Greece and given as food to his troops in the belief that it excited martial ardor. Whosoever wishes to preserve his health, says an ancient saw, should eat every morning before breakfast young onions and honey. But this does not sound like a very tempting preservative.

There Are Others.

Among female Moors birthday celebrations are unknown. A Moorish woman considers it a point of honor to be absolutely ignorant of her age.

Chloroform.

Chloroform, the great anesthetic, was discovered by Guthrie in 1831 and was first employed in surgical operations in 1847.

Care of Knives.

Nothing ruins ivory handled knives so quickly as putting the handles in water. Indeed, no knife should be put entirely into water. Wash the blade and wipe off the handles. If plunged into water the water is apt to work its way into the handle where the blade is fastened and in time will rust the handle so it cracks.

Election Proclamation.

It is hereby ordered that an election will be held on the 13th day of January, 1913, at the various precincts in Eddy County for the purpose of electing one Justice of the Peace and one Constable for each precinct said election to be held at the voting precinct and places designated below, to wit:

BURGLARS LEAP FOR LIBERTY

Enter Residence and Have Good Reason to Retire.

PISTOL SHOTS TOO NOISY

Couple of Individuals Who Go to a Dallas House With Evil Intent Find Alert House-Old and Exit Rather Advisable.

Two burglars who invaded the home at Dallas of Mrs. Susan Boren met a warm reception and were forced to jump from a second-story window to avoid capture.

The men entered through the front door while the family were in the dining room and went upstairs. S. H. Boren, Mrs. Boren's son, and Joseph P. Mahoney, brother of his wife, heard footstep upstairs and proceeded to investigate after securing weapons.

As they entered a room the robbers jumped from a window. Both gentlemen gave chase. The men separated as they ran. Three shots were fired at them. Robbers secured nothing of value, although bureau drawers were found ransacked.

Mr. Mahoney, who was a Christmas visitor to Dallas, is attorney for the Bertillon system of the Chicago police department.

STEALING TURKEY.

Attempt to Do This Causes the Death of Woman.

Through the confession of her husband it developed that Mamie Thomas, a negro woman, found dead in her home at San Antonio on Christmas morning, was killed while attempting to steal a turkey for their Christmas dinner. Thomas confessed that his wife and himself were trying to steal a turkey on the premises of Samuel H. Kenney, when they were fired upon, the bullet hitting the woman and ending her life. An affidavit charging murder had been filed against Kenney, but this will be dismissed.

Mite Moras, Turns Turtle.

A train struck a horse near Kingsville, Texas, causing the engine to turn turtle. Engineer A. R. Wilson, who resides at Kingsville, was badly injured.

Montenegro's Easy Going Prison.

The central prison at Cetinje is probably the most easy going in the world. No walls surround it, and the inmates, who furnish their own cells just as they please, seem to stay there only because they find their quarters comfortable. The diet is liberal, with wine on occasions and always cigarettes. There is no work to do, no distinctive garb is worn and comparatively free intercourse is allowed with the outside world. On certain feast days, indeed, the prisoners are even allowed to entertain friends.

\$700.00 REWARD.

About a quart of strychnine was poured into the lead pipe at my wells in San Simon range which was detected by my herder in time to save all but a few sheep that were poisoned by drinking the water. I will pay the above reward (\$700.00) for evidence that will convict the perpetrator of the outrage.
